Junaid Nasir M.D.

Board Certified Nephrologist

About Provider

Dr. Nasir is board-certified in Internal Medicine, Sleep Medicine, and Nephrology. He finished his Medical Doctor Degree at King Edward Medical University in Lahore, Pakistan, and completed his residency training in internal medicine at Harlem Hospital Center, New York, NY, his fellowship in nephrology at Albany Medical Center, Albany, NY, and Sleep Medicine at the University of Buffalo.

Dr. Nasir focuses on a multi-dimensional approach to patient care. He believes that physicians should treat patients beyond their disease and attend to their emotional needs and psychological stresses that come along with their illnesses. Dr. Nasir strives for excellence in his medical career. He resorts to the highest level of medical practices and promotes open communication with his patients.
