Jennifer Lawrence

CNP

Nurse Practitioner

About Provider

Jennifer Lawrence, is a Family Nurse Practitioner, board-certified by the American Nurses Credentialing Center. She has a strong background in cardiology and heart-failure management, with experience as a nurse practitioner, clinical educator, and acute care nurse in medical telemetry and special procedures. Jennifer treats patients with chronic kidney disease, kidney stones, and those preparing for or recovering from kidney transplant. She values patient-centered care and builds trusting relationships that support patients through complex health needs.
